50 TORN TO BITS IN DYNAMITE EXPLSION

Carload of Dynamite Explodes On Mexican Railway.

SEVERAL AMERICANS KILLED

Bodies and Pieces of Human Flesh Hurled Into Air and Picked Up a Mile Distant—Every Window in Town Broken. and Walls Damaged.

El Paso, Tex., Aug. 17.—It is reported here that 50 Mexican laborers and bystanders were killed at Chihuahua, Mexico, by the explosion of a car of dynamite on the Mexican Central railroad.

The car was being transferred for the Robinson mine at Santa Eulalia.

Bodies and pieces of human flesh were hurled into the air and picked up a mile distant.

Windows were broken in almost every house in town and many walls were cracked.

Several American foremen are reported killed.

Will Make Thorough Examination.

Chicago, Aug. 17.—The clearing house association of Chicago has decided to take a hand in the tangled affairs of the wrecked Milwaukee avenue State bank. Clearing House Bank Examiner McDougall has been ordered to make a thorough examination of the conditions existing in the looted institution and report his findings to the association. This move was decided upon Thursday at the conference of the Central committee representing the various depositors' association with James B. Forgah, president of the First National, and a committe of the Clearing House association.

Constitutional Democrats Confer.

Moscow, Aug. 17.—While the constitutional Democrats were conferring at the house of Prince Dolgoroukoff, a sergeant of police, appeared and ordered them to disperse. But on the representations of Prince Dolgoroukoff to the prefect of the police that the meeting was of a private nature, the conference was allowed to continue. It is the intention of the constitutional Democrats to issue a campaign text book containing articles by M. Roditchieff, president of Paul Milukoff and other leaders.

Never Heard of Woman Victim.

New York, Aug. 17.—A special to the Herald from Magnolia, Mass., says that Baron Rosen, the Russian ambassador, said Wednesday night he had never heard of Mlle de Smernoff, mentioned as the victim of cruelties by the chevaliers in St. Petersburg. He says the chevaliers are the mounted guards and carry swords only, that the report seems incredible, as it mentions the use of horsewhips. He says the chevaliers are not Cossacks, but belong to a different branch of mounted service.

Pennsylvania Miners Riot.

Pittsburg, Pa., Aug. 17.—Bulctr Junction, near Tarentum, Pa., was the scene of a serious affray between the union and the nonunion coal miners, during which one nonunion miner was fatally stabbed. Two others are said to have been killed and their bodies thrown in the Allegheny river, but this lacks confirmation. County detectives who were dispatched to the scene from Pittsburg by a special train, arrested eleven union men alleged to have been participants in the riots.

Will Attempt to Break Record.

New York, Aug. 17.—An attempt to break the record between this city and San Francisco in a two-cylinder auto started at 1 o'clock Thursday morning from Heraldon. Richard Lindon and Christian Hagerty, of Chicago, were in the machine.

Orders Release of Prisoners.

Constantinople, Aug. 17.—The sultan has ordered the release of all the prisoners in the empire who have completed two-thirds of their sentences as a mark of gratification for the recovery of his health.

SHOT AT TRAIN; STRUCK WOMAN

Bullet Goes Through Window of a Central Train Wounding Her.

Macon, Ga., Aug. 17.—Macon railway authorities in the employ of the Central railroad were greatly alarmed Wednesday when they learned that the down train from Atlanta, known as the "Dixie Flyer," had been fired upon just below Griffin, Ga., by an unknown person.

At that time the train was making a fair rate of speed and the passengers had just settled back for a comfortable set to the next station. At that moment a crash was heard and the passengers arose to find one of the women passengers suffering from a slight wound upon the right wrist.

A bullet had crahed through the window pane and had injured the wrist. She was shot while standing up and trying to open one of the windows. By her side was a small child, less than five years of age.

Owing to the rate of the train it was not stopped at the time, but the matter was reported upon the arrival of the flyer in Macon.

This is not the first time that a Central train has been fired into.

Texas State Democratic Convention.

Dallas, Tex., Aug. 17.—The Democratic state convention was called to order for its third day's session at 10 o'clock Thursday. Many delegates are denouncing the Terrell law which requires a primary election and then a convention. Late last night and this morning delegates who were hopelessly confused by the fraction of votes expressed the hope that never again would they be forced to sit in a convention held under the present law. A vote for a gubernatorial nominee was started Wednesday night, but because of the confusion in the count, adjournment was taken at midnight. Thursday the first ballot for governor was given out as follows: Campbell, 195,852; Bell, 156,489; Colquitt, 157,124; Brooks, 137,971. This is simply the official result of the recent primary.

Battle at Negro Meeting.

Anderson, S. C., Aug. 17.—Wednesday afternoon at a negro religious meeting which is being held at Shiloh church, 9 miles south of Anderson, a negro boy cursed a negro man and a regular fusilade of bullets followed. Seven negro men were shot, four of whom will probably die of their wounds. In spite of Sheriff Green's precautions, a fight commenced on the public road in front of the church, which resulted in the shooting. Fully 3,000 negroes are in attendance at the meeting. The deputies have the names of 17 of those who took part in the fight and arrests will follow. Leading negroes of the association furnished the officers with names of the participants.

Charged with Inciting Riots.

New York, Aug. 17.—John F. Calderwood, vice epresident; Dow F. Smith, general traffic manager, and William Newberry, superintendent of the Brooklyn Rapid Transit company, were arraigned in a police court in Brooklyn Thursday charged with inciting riots. They pleaded not guilty and were held for trial Friday in $1,000 bail each, which was given. The cases grew out of the disorders resulting from the attempts of the Brooklyn Rapid Transit company to collect a double fare to Coney Island after conflicting court decisions as to whether or not the company is entitled to more than 5 cents.

Charged with Gambling.

Saratoga, N. Y., Aug. 17.—The examination before Justice William Delaney, of Joseph Fullman, and Max Blum, who were arrested in a club raid and charged with being common gamblers, was held Wednesday. They were held under bond of $500, after waiving examination to answer to the grand jury.

Will Not Yield to Request.

St. Petersburg, Aug. 17.—The holy synod has declined to yield to the request of the minister of Justices to allow divorce cases to be adjudicated by the civil courts, except in cases of adultery. The minister of justice, M. Chtchegolovieff himself, is the fendant in the suit.

GIRL'S FATHER FAVORS TORTURE FOR NEGRO

Lynching of Black Assailant is Momentarily Expected.

1,000 MEN SURROUND NEGRO

Although the Sheriff Is With the Party, It Is Hardly Probable that He Will Be Able to Prevent a Lynching. Favors Slow Torture.

Columbia, S. C., Aug. 17.—Bob Davis, the negro who murderously assaulted Miss Jennie Brooks, daughter of a prosperous merchant and farmer, near Greenwood, and who a short time afterwards criminally assaulted a negro girl, 14 years of age, in the same neighborhood, is surrounded by a posse of more than a thousand men in a swamp near Ninety-Six, in Greenwood county.

At 11 o'clock Wednesday night a report was received from Clinton saying that the negro had been lynched, but this was later denied by a long distance telephone message from the city of Spartanburg, which stated that the negro would not be captured that night.

Although Sheriff McCaslin is with the party, it is probable that he will be able to prevent a lynching.

It is stated that the father of Miss Jennie favors slow torture, and most of the crowd are determined on that program.

Little Boy Drowns Off St. Simons.

Brunswick, Ga., Aug. 17.—Great grief overcame Mr. and Mrs. Joseph Brewer, of Douglas, Ga., when their little son, 7 years of age, was drowned off St. Simons pier, during the temporary absence from the island of the unfortunate little fellow's parents. Mr. Brewer and his family come to St. Simon's every summer and spend the season in the Wayeross colony. Mr. and Mrs. Brewer came up to Brunswick to spend an hour or two in the city but upon landing at the Mallory wharf received a telephone message that the child had fallen overboard from the pier and drowned.

Smith Won Bout.

Denver, Colo., Aug. 17.—Mike Sullivan, of Lowell, Mass., and Rube Smith of Denver, went 20 rounds to a draw before 5,000 persons in this city Wednesday night. Sullivan had the better of the firs ften rounds of the contest on points, but after that Smith seemed to be the stronger, and carried the battle to his opponent. Sullivan was groggy at the end of the contest.

Socialists In Convention.

Oklahoma City, Aug. 17.—The Socialists of the two territories are in convention here. The speakers are "Mother" Jones, of Chicago; Jack Woods, of London, England; and Geo. W. Davis, of Trenton, Mo. J. E. Snyder, Socialist secretary for the territories, says: "We will place a Socialist ticket in the field, which will run in the middle of the road without fusion."

Receiver Appointed for Store.

Chicago, Aug. 17.—Judge Bethea, in the United States district court, has appointed Charles G. Dawes, president of the Central Trust company receiver of the Milwaukee avenue cooperative store, the majority of the stock of which is owned by President Stensland, of the Milwaukee avenue state bank. The bond of the receiver was fixed at $150,000.

Auk Wins Race.

Marblehead, Aug. 17.—The yacht Auk, owned by Charles F. Adams, second, of Boston, won the race on Thursday in the series being sailed off here to determine the defenders of the Roosevelt cup. The course was triangle, three miles to a leg.

Visit Fruit Country.

St. Louis, Mo., Aug. 17.—The visiting delegates to the Apple Growers convention here, departed in a special train Thursday as guests of the Frisco railroad, to visit the fruit country of Missouri and Arkansas.

MISSISSIPPI CAMPAIGN OPENS.

Six Gubernatorial Candidates Address Same Crowd at Philadelphia, Miss.

Philadelphia, Miss., Aug. 17—Speaking to the same audience, six candidates for the democratic nomination for governor of Mississippi Wednesday formally opened their campaigns. The place chosen for this political event was 8 miles from a railroad in a shed constructed for the purpose at the Neshhoba fair, and the speechmaking occupied nearly all day.

Jefferson Truly, one of the candidates, in outlining gubernatorial issues, attacked the importation of Italian immigrants into Mississippi to take the places of negroes. T. U. Sessions, another candidate took the ground that there are no issues until they are made for the candidates by the party. The other candidates were E. N. Thomas, Charles Scott, Earl Brewer and E. F. Noel.

Searching for Georgian.

New York, Aug. 17.—The police are searching for Felton Landrum, a Georgian, 23 years of age, who arrived in New York city on the evening of July 9 and is missing. The pleadings of his mother and sister at home in Rome, Ga., have spurred the detectives here to activity. Landrum, who is the son of a well-to-do widow, left home two years and a half ago. He had been accustomed to write home weekly during all his wanderings. He came to New York from Detroit July 9 last, and went to a hotel in East Forty-second street. Next morning he wrote his regular letter, directing his mother to write him at the hotel address. Then he disappeared. After being held a month for the son, the letters written by his mother were returned to her.

Jealous Man Runs Amuck.

Tacoma, Wash., Aug. 17.—Armed with two 38-calibre revolvers and crazed by jealousy, Peter Renard, a longshoreman, 54 years old, killed himself on the street Wednesday night after a desperate attempt to murder Emma Fox, 17 years of age, and Robert Corey, a young man with whom she was walking. Renard secreted himself in a doorway, and when the young couple passed on their way from a party, he confronted them. After firing five shots at them, one of which took effect in the girl's shoulder, he turned the weapon upon himself and blew out his brains. Renard had boarded with the girl's family for five years, and was insanely jealous of the attentions recently paid her by Robert Corey.

Missouri Blacks Made to Flee.

Whiteside, Mo., Aug. 17.—Following a series of whippings which has precipitated a race war, the negroes of Silex, six miles from here, are selling their property and fleeing. Any negro found in the place Saturday night is to be flogged, it is said. The trouble is the outgrowth of a whipping which negroes gave James Edeleman's 9-year-old son last week. Last Saturday a party of whites in retaliation seized a negro and whipped him. Later the boy's mother was whipped in a warehouse.

Body of Woman Identified.

Santa Barbara, Cal., Aug. 17.—Chief Ross, of this city, received word Wednesday night from the Los Angeles detective department that an anonymous letter has been received, stating that the unidentified body of the woman found a week ago in the Temescal river canyon near San Diego, was that of Mrs. Armstrong, states that she left here about four weeks ago and that she was engaged to marry "Posey" Horton, who found the body.

Murder and Rob.

London, Aug. 17.—A dispatch to a news agency from Odessa says that early Thursday morning 15 anarchists took possession of the railway freight station there, killed a police inspector and three policemen who resisted them and carried off $8,000.

Will Settle Differences.

Tokio, Aug. 17.—It is confidently asserted here that the Anglo-Japanese treaty involving the killing and capture of a number of Japanese seal poachers, will be amicably settled without the slightest complications.

MANY LOSE LIVES IN WARSAW BATTLE

Several Police and Soldiers are Killed.

SEVENTY ARE SEVERELY HURT

War of Terrorism Seems Now To Have Begun in Earnest—Polish Rebels Are Especially Active—50 Assassinations in One Day.

Warsaw, Aug. 17.—It is understood that during Wednesday's massacre, the thirteen police sergeants, seven gendarmes and four soldiers were killed and that eight policemen, two gendarmes and six soldiers were wounded.

The soldiers in replying to the attacks on the police, fired volleys and charged the crowds, killing or wounding severely seventy persons and slightly wounding ninety. During the night shots were heard in different parts of the city, but the casualties have not been heard.

Plock, Russian Finland, Aug. 17.—Wednesday night five policemen were killed and two were wounded. The assassins escaped.

St. Petersburg, Aug. 17.—The war of terrorism which the fighting organization of the social revolutionists declared immediately after parliament was dissolved, seems now to have begun in earnest. From all parts of the empire the telegraph brings the same story of attacks on police officials of all classes, accompanied in the majority of cases by plunder.

The Polish revolutionists are especially active. There is a veritable reign of terror from the Vistula to the German frontier. Almost fifty cases of assassination were reported early Wednesday night. The Nove Vremya heads its list of murders and other crimes "St. Bartholomews night in Poland."

The resumption of terroristic activit yon a large scale renders the task of the government more difficult and darkens the prospects of the present ministry in accomplishing anything in the direction of an amelioration of the situation. While for the moment the campaign of the terrorists is bound to increase, the revulsion of the more conservative public opinion against the wild accesaess of the extremist, it is bound to force the government to some action, which, it is claimed, will in the end drive public sympathy back to almost any ends for relief.

The government announces that the new parliament will have the right to review the budget for 1907. The bulletin will be submitted to parliament when is assembles in March and in the meantime the credit for the first two months will be one-sixth of the credits for the entire year, under the authority of the fundamental law assigning the credits for the preceding year in case of the failure of the passage of the budget.

Several liberal papers have been permitted to resume publication either under their old name or with new franchises.

Anti Greek Movement.

Sofia, Bulgaria, Aug. 17.—The anti-Greek movement in Roumania, and especially in Bulgaria, is daily assuming greater proportions and daily threatens to get beyond control. The authorities of Bulgaria have been forced to take exceptional measures to curb the disturbances due to the anti-Greek feeling. The bad feeling is caused by the historic competition between Greece and Bulgaria for domination in the Balkans, which was recently stimulated by their rivalry in Macedonia, a rivalry which, it is alleged, has been artfully encouraged by the Turkish and by the atrocities of the Greek bands.

Merchants' Exchange Will Rebuild.

San Francisco, Aug. 17.—Application for a building permit was filed by the Merchants' Exchange, which wants to reconstruct its building at the corner of California and Leidesdorff streets at a cost of $750,000.

ACCIDENTAL DEATH OF T. R. ODER

Reported to Have Occurred at Mikesville.

EN ROUTE TO DOWLING PARK

Deceased Was a Prominent Business Man of Western Alachua—His Son and Daughter Were With Him When Death Occurred.

News was received in this city Friday of the accidental killing of T. R Oder, formerly a prominent business man of Bell, this county.

Mr. Oder came to Gainesville last Friday to consult Attorney Evans Haile concerning legal matters, and left here Saturday for Tyler. Later, he started overland, in company with his children, a son and daughter, for Dowling Park, where he intended spending some time for his health. The accident is reported to have occurred Thursday night, 16th inst., at Mikesville, when Mr. Oder was in the act of retiring. It appears that in undressing himself his pistol fell from his pocket to the floor, when the weapon was discharged, the bullet passing upward through the fleshy part of his abdomen, inflicting wounds from which he died during the night.

Mr. Oder had been married twice, and it is said he had not lived peaceably with his present wife for sometime, and that the couple had separated. He was at one time one of the leading merchants of Bell and had many friends in the western part of this county.

WANTS TO COME HOME.

Weather in New York is Too Hot and Sultry for John Pendrel.

John Pendrel, the clever and well known traveling passenger agent of the Clyde Line who spends about two-thirds of his time in Florida, is now in New York, where he has been assigned to duty for the summer.

Mr. Pendrel has just completed his annual vacation which the Clyde Company, appreciating his services, sees fit to give him. Leaving Jacksonville he visited Cincinnati, Pittsburg, Niagara and Buffalo. In writing to a friend here he says:

"My, but how hot! The weather is so warm and sultry that men and horses are dropping in the streets. I want to come back home, and it makes me feel a little bit 'blue' to think that I have got to stay here until the middle of the winter."

Mr. Pendrel's numerous friends here and elsewhere will be glad to learn, however, that he enjoyed his vacation.

Our Boys Again Victorious.

The Oak Hall Jr. baseball team returned Friday from Ocala, where they played a series of two games with the junior team of the Brick City, winning both. The score Thursday afternoon was ten to two in favor of the Gainesville boys, and the line-up of the Oak Halls, Jr., was as follows:

Douglass, p; D. Cannon, c; T. Cannon, 1b; Easterlin 2b; Scott, 3b; Simpson, ss; McCreary, Ackurs and Manasse in the field.

Douglass pitched a fine game. Captain Newbern got a severe sprain in Thursday's game, and was unable to play Friday.

The Ocala boys treated the visitors finely, being very hospitable in entertaining them.

Death of a Child.

Information has been received in this city of the death of Thomas, the three-year-old son of Mr and Mrs. T. E. Bridges, which occurred in Wisacky, S. C., on Monday afternoon. Captain and Mrs. Bridges formerly resided here, but have been living in Ocala for the past three years. Their numerous Gainesville friends will regret very much to learn of their unfortunate loss and will extend sympathy.

Saunders Sells Property.

M. B. Saunders has sold to E. R. Colson a tract of four acres of fine vegetable land in South Gainesville, bordering on Sweetwater branch. The land is improved, all under good fence, and is said to be among the most fertile for trucking purposes in the county. Mr. Colson may decide to employ a gardener and run a truck farm.

Murder and Suicide.

Chicago, Aug. 17.—In a fit of insanity Thursday, Emil Berner, a mechanic of Batavia, Ill., murdered his brother-in-law, Ernest Franzen, by cutting his throat with a razor, slashed Mrs. Berner so severely that she will die, and then cut his own throat.

Is Killed in Explosion.

New York, Aug. 17.—A cable dispatch to the Herald from Rio Janeiro says that Bahai fireworks factory exploded Wednesday and 21 men were killed. Many others were wounded.

Bees as Ventilators.

It is not generally known, but most beekeepers will inform you that such is the case, that each beehive has a corps of what could properly be termed "ventilating bees." During the hot seasons these ventilators station themselves at the entrance of the hive and fan the interior with the incessant motion of their wings. These ventilating corps are usually in relays of from four to a half dozen, and they are relieved at short intervals by fresh workers who keep up the fanning process. They are kept at work by a sort of patrol of bees, which insures incessant activity on the part of the fanners during the time they are at work. This story may sound strange to those who know but little concerning the wonderful intelligence of bees, but it is a scientific fact that has often been authenticated.

Diet and Sickness.

It is a broad rule that boiled milk and puddings made with milk agree more frequently than anything to restore a sick person. When beginning to restore a sick person to more ordinary diet begin with white fish, boiled. Plaice or sole boiled in milk is excellent. Never give potatoes when the digestion is bad. In place of bread give toast. Often there is a craving for acids. In such cases give lemon juice diluted with water and sweetened with sugar when allowable or with saccharin in diabetes. A craving for green stuffs should always be satisfied. Nature herself is crying out. Give water cress, but withhold radishes, as they are difficult to digest.

The Fishing Fleets.

In many localities off the Scotch coasts and the coasts of Norway the fishing grounds lie at some distance from the shore and the start must be made with the ebb tide, sometimes in the middle of the night. All the boats of a single locality generally start together, and to one unaccustomed to the sight the spectacle of 200 to 300 fishing boats putting off from a harbor like Yarmouth is a sight never to be forgotten.—London Graphic.

Bonus.

"Bonus" ought to be "bonum," since it is evidently intended to mean "a good thing" and therefore should be neuter, not masculine. The word is found as early as 1773, but no one knows who was the ignorant or willful sinner against Latin that introduced it, though conjecture assigns it to the London Stock Exchange.

Made Him Tired.

SERIOUS STABBING NEAR L'CROSSE

In Row Tim McClain Sank Knife Into Man's Heart.

FULTON STARTED THE ROW

It is Reported That He Went to Home of McClain and Began the Fuss and When He Was Ordered Away Attempted to Brain McClain with Stick.

Information was received in this city Friday of a stabbing affray near La-Crosse which will probably result in the death of Cain Fulton, a negro whom it is said does not enjoy an enviable reputation.

Fulton, it is said, went some time during the night to the home of Tim McClain, another negro and a peaceable man, and raised a row. McClain ordered him to leave the place, but instead it is said that he advanced upon McClain with a stick and was in the act of braining him, when McClain suddenly produced a knife and stabbed Fulton just above the heart, inflicting a dangerous and ugly wound.

Fulton was taken to Dr. J. W. Roberts, who rendered all attention possible, but Fulton is in a critical condition, and may die from the result of the wound.

McClain is employed at the tie camp of L. J. Knight, and is an industrious and hard-working negro.

JUSTICE COLMAN'S COURT.

Frank Massey Toted a Gun and Was Yanked by the Law.

Frank Massey is comparatively a small man, but he carried a big gun. In fact, the gun was so big that it was really in his own way, and the handle protruded so far out of his pocket that anybody who knew what a gun was could realize that he was carrying one if they were in a position to view him from the rear.

An officer caught on to the fact that Frank was "toting" a pistol, and, with that ambition which a good officer usually has, pulled him in. Justice Colman did the balance by assessing him with a fine of $100 and costs or the usual six months digging rock at the phosphate mines.

Frank will dig.

Compliment to Mr. Morris.

Geo. P. Morris, the hustling agent for the Prudential Life Insurance Company in this city, is in luck—and big luck at that, since the State manager, Walter P. Corbett, has awarded him a free trip to New York and return, all expenses paid.

But Mr. Morris deserves this honor, for he has won it. Sometime ago State Manager Corbett offered a trip to the National metropolis to the agent who wrote the largest amount of business for his company during July. This put Mr. Morris to thinking and to work, with the result that he has been successful.

BROOKLYN BRIDGE FINISHED.

One of the Seven Wonders of Gainesville is Now Complete.

The famous Brooklyn bridge, as it has been termed, has been completed on South Roper avenue over Sweetwater branch, leading to South Gainesville and the cemetery.

Brooklyn bridge, like one of the seven wonders of the world we read about, assumes a smaller proportion, and it may be said that it is one of the seven wonders of Gainesville. For years the citizens of the city who have occasion to travel to South Gainesville and the cemetery from East Gainesville points, have been contending for and requesting this bridge, as it would save them about half a mile in transit. The "proper people" in the person of M. B. Saunders, who is a friend of everybody, finally took the matter up, secured a petition with fifty or more names, and went about the thing in the proper manner. He not only presented the petition to the City Council requesting this bridge, but actually went before that august body himself, and told the council what a necessity the bridge was, and how badly the people of Gainesville needed it.

Mr Saunders secured the sympathy and approval of the street committee, of which Dr J. Harrison Hodges is chairman, with the result that the bridge is now a thing of reality instead of a myth and a delusion.

Let the people of East Gainesville thank Mr Saunders and the street committee of the council, through Dr. Hodges, the chairman.

THE SEWER WORK

Work Progressing Nicely in Construction of City Sewerage.

Contractor Beeman, who has a large force engaged in the sewer work, is making fine progress. The gang is now at work on West Arlington street, having laid the pipes along West Main street South to that thoroughfare. Contractor Beeman is well satisfied with the progress being made, and says he will finish the contract in the time specified.

A great many people, in fact ninety-five per cent of them, are under the impression that this system will be used as a surface drainage, as well as to carry off the matter from premises, but this is a mistake. The system will furnish no surface drainage, but is intended only for sanitary purposes.

W. E. LANIER ARRESTED.

White Man Wanted in Georgia Was Arrested in the West End.

W. E. Lanier, white, wanted in Miller county, Ga., upon a charge alleging that he left that country refusing to pay for cotton, is in jail here awaiting the arrival of Sheriff John S. Wilkes of Colquitt, the county seat of Miller county.

Sheriff Fennell received information and instructions to arrest Lanier and hold him in custody, subject to the orders of the Georgia authorities. A description was furnished, and the man was taken into custody by Officer Granger at Wannee and brought to this city.

Sheriff Wilkes has been notified and is expected to come for his man today.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

NEWS OF CITY AND COUNTY CONDENSED

Solomon Morgan, a baggagemaster on the Atlantic Coast Line who calls Gainesville his home, is spending a few days here. Mr. Morgan was reared on the farm near Gainesville, and deserves a great deal of credit for his progress in railroad work. He is said to be a most competent man, and the officials appreciate him very much.

Captain H C Parker, a prominent merchant of LaCrosse, was in the city yesterday, and made The Sun an agreeable as well as profitable call. Captain Parker is a pioneer, being one of the oldest citizens of the county in point of residence. He was for a number of years a member of the school board, and is popular throughout the entire county.

Had a Big Trip

P. M. Oliver, W. C. Buie and Harry Owens have returned from a hunting and fishing trip of three days' duration which they enjoyed very much. The time was spent between Kanapaha sink and Haile sink. There was plenty of good things to eat, fishing was good, and altogether the trip was a most enjoyable one.

The party was joined at the camp grounds by a jolly crowd from Kanapaha and Wacahoota.

Meeting of Epworth League.

The Senior League of the Methodist church held their monthly business meeting on Wednesday evening. Among other items of business the League decided to purchase a new carpet for the League room. A committee consisting of W. R. McKinstry, D. L. Graham, Miss Mamie Hill, Miss Maude Neville and Miss Tillie Mason, were appointed to look after the matter.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

The government mansion at Tallahassee is now well under way and the contractor is pushing work thereon as rapidly as possible. It will cost about $25,000 when completed.

The Tampa Tribune intimates that the absence of Mayor Frecker from that city promotes the smooth running of the municipal machine. Probably a "King" wields the sceptre more wisely than a mayor in the "Cigar City."

Florida will soon become as noted for the quality of her peaches as she is for the golden fruit. This industry has increased rapidly during the past few years, in which Alachua county has surpassed all other sections in the quality as well as the quantity of the fruit.

W. M. Turner, president of the League of Fourth-Class Postmasters in the several counties of Florida, has called a meeting of the League to assemble in annual session at Palatka on August 23d, at 12 m. Every postmaster of the fourth-class office is urged to be present.

John A. Graham, Democratic nominee for the Legislature from Manatee county, has been exonerated by the party executive committee of that county of all charges brought against him by The Florida Sun, now published at Tallahassee. The Sun continues its fight against Mr. Graham, however, and promises to exert every effort to defeat him at the polls.

The Pensacola News refers as follows to one of Florida's principal industries: "The turpentine industry has brought millions of money into Florida. Many people regret the destruction of the pine forest of the State by the naval stores operators and lumbermen, but these pines are here for a purpose, and the spirits, rosin and lumber they produce are needed for the use of man. Other trees will grow in their place, while areas of the land will be converted into farms, truck fields and cattle ranches."

THE FARMERS AND THE TARIFF

The farmers can hardly approve the Republican standpat program, when they find the price of wheat, oats, corn and cotton declining and the cost of all they buy rapidly advancing. Where does the boasted protection to agriculture come in under the present protective tariff and how are farmers protected, although the tariff law provides that 25 cents a bushel on wheat and 15 cents a bushel on oats be collected on imports? The price of wheat is now lower than it has been for ten years, or since the present tariff law was enacted in August, 1897.

Those farmers, who are Republicans, should demand of their "standpat" leaders a fair deal, and if the agricultural machinery trust, the barbed wire combine, the lumber association and the clothing trusts, are to still be protected by the tariff in charging exorbitant prices for their products, that some method of raising the price of cereals and keeping them stable should offset trust high prices.

The fact is, however, that no tariff can protect the farmer on his products, of which the surplus must be sold abroad, as the price paid by the foreigners for that surplus fixes the price here. The only relief the farmers can receive is to be able to buy in the cheapest market, and this he can never do as long as the trusts, that control all he buys, are protected by the tariff from competition.

PROTECTING THE FARMERS?

The International Harvester Company—the agricultural machinery trust—has just made a contract with the Tennessee Coal and Iron Company for 25,000 tons of pig iron, the price being about $13 a ton at Birmingham. That will make a good many harvesters and other farm machines which will cost the farmers of the United States at least 20 per cent more than it should through tariff protection of the trust. Paragraph 460 of the tariff law provides that:

"Plows, tooth and disk harrows, harvesters, reapers, agricultural drills and planters, mowers, horserakes, cultivators, threshing machines and cotton gins, twenty per centum ad valorem."

This trust is said to be selling its products cheaper abroad than here and our farmers have to pay high prices for the benefit of the trust and the foreigners.

St. Lucie county, the youngest of the forty-six which make up the commonwealth of the great State of Florida, has joined the dry column, much to the disgust of many of those citizens who were most instrumental in having the new county formed from the former territory of Brevard. It is said that a few of those who opposed the formation of the new county voted dry ticket out of revenge, but such is hardly the case. Sentiment is steadily on the increase against the open saloon, and it is safe to conclude that the verdict rendered against them in St. Lucie county is the honest conviction of a majority of the people.

The top heavy government of the Philippines that the Republicans have erected is breaking down of its own weight, from sheer inability of the inhabitants to pay enough taxes to support it. Either the people of the United States will have to pay part of the local expenses, added to the present taxes they pay for the army and navy employed there, or we will have to give the islands up to the Filipinos to do what they like with and virtually extend the Monroe doctrine there to prevent any foreign nation from oppressing them. The Democrats may well declare, "we told you so."

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

We wonder how many of our readers have noticed the difference between the man who has been married but a short time and one who has been married several years? You can always tell a young husband from an old one. When a man has been married a few months, you will generally see him working in the garden or fixing up the house and while he works he whistles, or sings, or occasionally looks up towards the window to see if anyone is watching him. A year later he is still working in the garden but the smile has been exchanged for a frown and he occasionally looks up towards the house wondering why in thunder breakfast is not ready. Another year rolls by and his looks would sour milk, but he is still at work, stopping occasionally to kick the dog or throw a brick at the cat. The next year we find him sitting on the front porch, smoking a pipe, while his wife does the digging in the garden. Now just watch our young men, as, one by one, they are caught in Cupid's net and see if this rule does not work out the problem correctly.

A man or woman may lead a life of honesty and purity, battling bravely for all they hold dearest, so firm and sure of the rightness of their life that they never think for an instant of the diabolical ingenuity that makes evil and evil report where naught but good really exists. A few words lightly spoken by the tongue of slander, a significant expression of the eyes, a cruel shrug of the shoulders, with a pursing of the lips—and then friendly hands grow cold, the accustomed smile is displaced by a sneer and she stands alone and aloft with a dazed feeling of wonder at the vague, intangible something that has caused it all.

The amusement features of the coming State Fair at Tampa will be superior to those of any Fair held in the South. President T. J. L. Brown of the Fair Association will spend the next two or three weeks on a tour of the big attraction centers, and high-class shows will be secured regardless of expense. Absolutely nothing of a shoddy or common nature will be allowed on the Fair grounds. The horse racing will be finer than before, as large purses will be offered, and none but running races will be run.

The people, of course, are anxious for the regulating of railroad and express rates to begin, but there can be no objection to the decision of the Interstate Commerce Commission to give the corporations reasonable time to prepare their schedule of rates. It's a big job, no doubt, and upon those schedules all future work will be predicated, so a little delay may make greater haste hereafter.

With a moderate tariff the Canadian foreign trade has increased $82,000,000 during the past year over the year previous. How do our high protectionists account for it?

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. INVITED TO COME TO ATLANTA.

Printers and Newspaper Publishers Make New Arrangement.

Colorado Springs, Colo., Aug. 17.—By a unanimous vote the delegates to the International Typographical union convention adopted a resolution expressing full confidence in the officers and executive council, congratulating them upon "the wisdom and prudent foresight shown in the conduct of the contest for an 8-hour day," and especially indorsing the action in the levy of the 10 per cent strike assessment.

The arbitration arrangement with the American Newspaper Publishers' association was accepted, assurance being given by Frederick Driscoll, labor commissioner for the publishers, that they will ratify it next February.

The new agreement is but slightly different from the one which expires May 1, 1907, and insures the newspaper publishers against walkouts, strikes or boycotts, they agreeing to arbitrate all differences respecting wages, hours and conditions of labor.

A national board of arbitration is created to consist of the three members of the union executive council and three of the standing committee of the publishers' association.

Indianapolis, the national headquarters, and Hot Springs were placed in the race for the 1907 convention, the vote to be taken Friday morning. Seattle invited the union to hold its 1909 convention there, and St. Joe, Mo., also made a bid for the 1909 convention. Atlanta, Ga., announced its candidacy for the 1910 meeting.

Bucket Shops Knocked Out.

Birmingham, Ala., Aug. 17.—Without a single dissenting vote, and in the presence of a large gallery of spectators, the city council of Birmingham Wednesday night finally passed an ordinance, which will prohibit the operation of any sort of brokerage houses in the city, which deals in futures, after October 1. The ordinance was not introduced until Wednesday night, but the rules were suspended, and the measure was put on its third reading and final passage. The action is the result of the sentiment brought about by the defalcation in the First National bank, of Birmingham.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood diseases, headache, dizziness and weakness or bodily decline. Price 50c. Guaranteed at all drug stores.

Printers Will Meet at Hot Springs.

MRS. O. D. ROBINSON,
Every Woman in America is Interested in This Woman's Experience.

HER HEALTH DESTROYED BY PELVIC CATARRH.

"Pe-ru-na has prolonged my life and made a new woman of me."—Mrs. O. D. Robinson.

Mrs. O. D. Robinson, 43 St. Felix St., Brooklyn, N. Y., writes:

"I have taken Peruna and it did me more good than all my two years' treatment by special physicians.

"I can really say that I feel like another person. No more swollen feet and limbs. No more bloating of the abdomen. No more shortness of breath. No more stiff and sore joints. You have no idea what your treatment has done for me. It has prolonged my life and made a new woman of me.

"O, such a blessing I have received through your kindness, Doctor, and the assistance of the medicine which you so kindly prescribed.

"I am able to work since I began your treatment, but before I was not able to help myself, much less do any work. All praise is due to Dr. Hartman and his treatment."

Dispose of Trolley Companies.

Boston, Aug. 17.—The New York, New Haven and Hartford railroad company, it was learned Thursday, has disposed of all its trolley companies in Massachusetts, Rhode Island and Connecticut to several individuals who have formed an association to be known a the New England Security and Investment company. This action, it is believed, was taken as a result of Governor Guild's message to the last legislature, urging legislation which would prevent the sale of Massachusetts transportation companies to aliens.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Election in Alaska.

Seattle, Wash., Aug. 17.—Only fragmentary returns are being received from Tuesday's election in Alaska for delegates to congress. Reports from Fairbanks and the Tanana districts indicate that Cale and Waskey, miners' candidates for the long and short terms, respectively, are running far ahead of the other candidates. The Nome district has not yet been heard from and the returns from there make a big change in the election.

$2,000,000 Building for 'Frisco.

San Francisco, Aug. 17.—Fourteen years ago a British syndicate bought at an expense of $10,000,000 seven breweries in San Francisco. In the late fire the syndicate lost all of its plants. Wednesday the London representatives of the syndicate wired their local agents that after a careful resume of the San Francisco situation they had decided to spend $2,000,000 in erecting a modern eight-story building on Second street, near Howard.

Proctor Starts Homeward.

Red Falls, N. F., Aug. 17.—Senator Proctor, of Vermont, who has been here for ten days, started homeward Wednesday. It is understood he has been studying the latest phases of the fisheries dispute between the United States and New Foundland. He has met the governor and other public men. He said he thought it unlikely the Bond-Hay treaty would be ratified unless it were modified.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

Doomed Woman Makes Appeal.

Liberty, Mo., Aug. 17.—It was announced Wednesday that the attorneys of Mrs. Agnes Myers, now in jail here under sentence of death, for having murdered her husband at Kansas City, have decided to take the case to the United States supreme court. Mrs. Myers and her accomplice, Frank Holtman, are under sentence to hang on Sept. 3, next.

TELEGRAPHIC NEWS.

Memphis Fugitive Jailed.

Chicago, Aug. 17.—On a charge of being a fugitive from justice, it being alleged that he is wanted in Memphis, Tenn., on a charge of embezzling $10,000, Clark T. Barton, 37 years old, was locked up in police headquarters. The Memphis authorities were notified. According to the police, Barton was employed as a cashier and bookkeeper in the establishment of Martin, Phillips & Co., in Memphis, and in May, 1905, he disappeared. It is alleged that his accounts were $10,000 short. Barton refused to make any statement.

Church Struck by a Bolt.

Stillmore, Ga., Aug. 17.—The steeple of the Methodist church was struck during a storm which passed over this place and in spite of all efforts to save it, the entire building was destroyed by the flames. Dr. M. Abi Massand, who was passing when the lightning struck, was showered with shingles and thrown senseless to the ground. He was later revived. Cashier W. C. Myers was overcome by the heat of the flames while fighting the fire.

Motorists Fall Over Precipice.

Spartanburg, S. C., Aug. 17.—T. C. Williams, Jr., William H. Lyes, Jr., of Columbia, and Mr. Tuton, of Greenville, while touring the mountains in an automobile, had a narrow escape from death, when their large machine tumbled over a 15-foot ledge. The fact that the machine landed right side up accounts for the minor injuries and bruises, which the occupants sustained, instead of perhaps fatal injuries. The machine was a complete wreck.

Outraged Husband Dies.

Jacksonville, Fla., Aug. 17.—Henry Davis, the prosperous farmer who was brained in bed by an unknown man, who then atempted to criminally assault Mrs. Davis, died. Coroner Willard left this place Wednesday to hold an inquest. The dogs put on the trail of the fiend were young, and lost it. So far, there is no trace of who the assassin was, but Sheriff Brown and deputies are diligently at work on the case.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

Placed in Hands of Receiver.

Elkhart, Ind., Aug. 17.—The Elkhart Mutual Life association was on Thursday placed in the hands of Arthur E. Darling, as receiver. The total assets are said to be less than $1,000. Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Negro Given Life Sentence.

Huntsville, Ala., Aug. 17.—Billy Hereford, a negro, was convicted here of murder in the first degree in the circuit court and sentenced to life imprisonment. Hereford killed John Davis, a member of the city hook and ladder company, after Davis had given shelter to Hereford's wife when she fled from her own home.

Talking Shorthand.

Through the courtesy of the navy department several distinguished naval experts from Russia were, together with the embassy's naval attache, conducted through the Washington navy yard's gun shop.

The party was in charge of an American naval officer, who had told off for the service a couple of Irish employees of the yard needed to move certain pieces of ordnance.

As they passed through the various departments the Russians occasionally conversed with each other in their native tongue, a circumstance which the quick Irishmen at once noted with interest. At last one of the workmen could no longer conceal his curiosity. Nudging his fellow workman, he said, "Mike, can ye understand annything those fellows is saying?"

"Of course not," responded the other. "They're sp'aking in shorthand."

Learned Better.

"My daughter has learned one thing at boarding school," exclaimed the man, "and that is how to write a legible hand."

"How did it happen?" asked a friend.

"She kept writing home for money," said No. 1, "and I sent back word I couldn't read a word of her letters. It soon cured her of that Chinese chirography."—Detroit Free Press.

Almost an Insult.

"That suit you have on," said the chap who always talks whether he has anything to say or not, "is a dead ringer for one my brother has."

"Huh!" growled the fussy man. "What do you take me for—a clothes ringer?"—Chicago News.

STRENGTH OF BIRDS

THE EAGLE CAN CARRY THREE TIMES ITS OWN WEIGHT.

An Ostrich Can Break a Man's Thigh or the Leg of a Horse With a Kick. Wonderful Speed of the Winged Navigators of the Air.

We despise the struggling, fluttering, quarrelsome sparrow as a good for nothing street arab; yet the sparrow is in many respects man's superior. Its blood temperature is considerably higher than that of man or any other mammal; it is far more active, capable of much greater exertion. It can do with less sleep, can live where man would starve. Its plumage is so beautifully adapted to all requisitions that it acts as a warm blanket in winter, a dust coat in summer, and in wet weather, owing to the oil glands at the bases of the feathers, as a mackintosh.

The same and more is true of birds as a class. In some ways they are the highest of all vertebrate creatures. They have, of course, the inestimable gift of flight which not only enables them to escape most of the dangers to which earth crawling creatures are subject, but also to speed at will over the whole earth.

As architects birds far surpass all other wild creatures. A few animals and a number of insects and fish build dwellings for themselves and their young, but what can compare with the dainty, bottle shaped nest of the long tailed tit, the swinging home of the gold crested wren or the carefully plastered mud dwelling of the swallow?

The Indian tailor bird goes further still. It does what man cannot do—it sews without needle or hands. Using its beak, it sews together leaves of trees with living fibers of other plants, forming a cone, which it lines with very soft material.

Birds are possessed of enormous muscular power, far exceeding in some cases that of any other warm blooded creature. There is an instance on record of an eagle weighing no more than fourteen pounds lifting and carrying off a young pig which weighed no less than forty-two pounds. How many men could even stagger along the ground carrying three times their own weight in their hands?

The kick of an ostrich is a fearsome thing. It will break a man's thigh or even the leg of a horse. The ostrich, too, is, for a short distance, the swiftest runner of any creature. The top speed of a horse is about thirty-five miles an hour. An ostrich, it is estimated, can run for the first half mile at about forty-seven miles an hour.

The speed of birds in the air is a miracle which man rarely takes the trouble to consider. A swallow which had a nest in the gable of the railway station at Antwerp was taken thence and sent to Compiegne, in France, a distance of 140½ miles, and then released. It was home again within one hour and eight minutes. Its speed was, therefore, 128½ miles an hour.

More than equally marvelous is the way in which migrating birds of all kinds find their way in sunshine and darkness through uncounted miles of the high atmosphere, arriving year by year with most absolute accuracy at their distant destinations. Young cuckoos leave England after their parents and find their way unaided to Africa. How do they do it?

Birds are weatherwise beyond all creatures. Swans and other water birds seem to have some sixth sense which tells them when a wet season is coming. Before such a time they build their nests higher than usual above water line, so that if flood comes the nest and eggs will not be washed away. The peacock knows overnight what the weather will be. His harsh scream before he goes to roost is a certain sign of rain before morning.

Some migrating birds have the curious faculty of avoiding places infected by pestilence. Swallows, for instance, will never build where plague, cholera or yellow fever is raging. St. Augustine long ago noticed this and exhorted his followers to "shun wickedness as swallows shun pestilent places."

We speak of dainty persons having "no more appetite than a bird." No less appropriate phrase could be used. The bird tribe have, one and all, enormous appetites. A heron weighing four pounds has when shot disgorged two trout—one of two pounds, one of one and a half pounds.—London Answers.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

Poland's Mountain Dwellings.

A Zakopane house is a very carefully finished wooden structure, built of tight fitting, heavy logs of spruce, which become reddish brown with age and are surmounted by a very steep, high shingle roof, which gives a good protection against the heavy falls of snow and rain, and with its triangular gables of acute angles harmonizes well with the Tatra peaks and the tall spruce trees. The frame of the door is built of very heavy blocks of wood, surmounted by a semicircular arch, joined together by two anchor shaped pieces and held in place by rows of elaborately carved wooden pegs. The big rafters of the ceiling are embellished with carved ornaments of a very unique conception. The circular kolo zboyeckie, the heart shaped pazenitsa and the svastica, with sharp points, are some of the main motives of this odd ornamentation with which the goorals in a very judicious way adorn their ash wood furniture, wooden vessels and instruments. It is wonderful how in the center of old Europe they have remained unaffected by the leveling force of modern civilization and have developed a style absolutely unlike anything even in the nearer parts of Poland or in neighboring Hungary. —Century.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and la year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. Daniel.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Next week will be the last week of the Normal. The work will be given largely to review, especially to mathematics.

L. W. Jackson of the Singer Sewing Machine Company has returned from a business trip to points in Bradford county.

Miss Hattie Hawthorn, who has been spending a week with her cousin, Miss Alys May Corr, returned to her home yesterday.

Have you tried the famous Brooks butter? It's something fine, and will be appreciated by lovers of good butter. Only 33 cents a pound. S. F. Brooks, 'phone 235.

Mrs. C. W. Parham and children, Wallace and Janice, returned yesterday from Asheville and other points in North Carolina, where they have spent the past two months delightfully.

C. W. Bauknight and J. T. Fleming, two progressive merchants of Archer, were transacting business in this city yesterday. Mr. Bauknight reports trade very good, considering the season of the year.

Mrs. E. A. Cooper has been appointed as clerk in the United States land office under the emergency rule. Mrs. Cooper is regarded as one of the most competent stenographers and typewriters in the State.

Wm. Kellum of Fairbanks was in the city yesterday. Mr. Kellum, who is engaged in the crosstie contracting business, has secured a large tract of fine timber near Silver Springs, and will begin work there next week.

J. D. Frier of Graham was in the city yesterday, and while here made The Sun a pleasant as well as profitable call. Mr. Frier is a member of the firm of Frier Bros. & Co., manufacturers of naval stores and dealers in general merchandise.

Mrs. H. H. Bryan of Orange Heights, well known in this city, is now confined in a hospital in Jacksonville, and will be operated upon today for appendicitis. Her friends here trust that she will recover from the operation, and that she will soon regain her normal health.

Col. L. W. Blanton, a prominent attorney of Perry, Taylor county, is in the city on business connected with the United States land office. Col. Blanton, who has been coming to Gainesville for several years, is very much gratified over the progress of the city, which he declares is phenomenal.

Mr. and Mrs. W. A. McGriff of Micanopy were in the city yesterday. Mrs. McGriff was en route to Bar Harbor, Mass., where she will join her parents, Mr. and Mrs. Perry M. Colson, for the remainder of the summer.

Information has been received in this city that S. H. Hall is confined in a hospital in Asheville, N. C. Mr. and Mrs. Hall left here a few weeks ago on a pleasure trip, and it is regretted that he was compelled to go to the hospital. His friends hope that his indisposition is only slight, and that he will be out in a short time.

Mrs. W. S. Milne, who has been on a visit to Mrs. M. B. Saunders in this city for the past few days, departed yesterday for Archer, where she will spend a short time with friends before proceeding to her home at St. Petersburg. Rev. Mr. Milne is now in Cleveland, Ohio, but expects to return to his home about the first of September.

The "Fats and Leans" will play a game of baseball at the park next Thursday afternoon for the benefit of the cemetery fund. The pay of the sexton is provided for by the city, but the ladies in charge of the cemetery are sorely in need of funds for repairing the fence, and as the annual game of ball between the fat and lean men never fails to draw a good crowd, it is expected that the game next Thursday will net a good sum.
